NullReferenceException when trying to access my SetMyImage property in an instance. Why is this? Code: public class
MyClass : IDisposable { protected Image myImage = null; public MyClass(string image) { this.myImage =
Image.FromFile(image); } public void Dispose() { if (myImage!= null) myImage.Dispose(); } public string SetMyImage(string
path) { this.myImage = Image.FromFile(path); return "The image is set."; } [Test] public void CanSetImage() { string path =
@"C:\path\to\image.png"; MyClass instance = new MyClass("C:\path\to\image.png"); Assert.AreEqual("The image is set.",
instance.SetMyImage(path)); } Expected Result: The image is set. Actual Result: System.
