The Pagbasa and Pagsulat testing program (PTP) aims to help identify students' strengths and weaknesses in language, mathematical, and science concepts in order to identify students in need of assistance or remediation. Lasting one month (usually April to May), it involves the completion of five lessons (one of which is a pretest) for three hours of training and time needed to grade. Pagbasa At Pagsulat Tungo Sa Pananaliksik Pagbasa at Pagsulat Tungo sa Pananaliksik IMPORTANT! The Pagbasa and Pagsulat testing program (PTP) aims to help identify students' strengths and weaknesses in language, mathematical, and science concepts in order to identify students in need of assistance or remediation. Lasting one month (usually April to May), it involves the completion of five lessons (one of which is a pretest) for three hours of training and time needed to grade. This course is designed to assist students on the Reading aspect of Learning for Filipino 2. It will help students to identify areas of weakness and strengths that they need to work on. This program will give each student the chance to identify his/her strengths and weaknesses so that he/she can improve on his/her areas of weakness. This is Part 1 of 3 Lessons 1. Introduction 2.
