KEEP UP-TO-DATE with the latest version of the Abhishek's game app Nyan Cat: Browse the Updates tab to get the latest update and more. Hacked email goes viral, and black folks are offended. - ekurutepe ====== coreyp_1 This is one of the least offensive articles that I have ever read. It might even help. Hackers pretending to be the Secretary of Homeland Security... it's ridiculous! Now, if they could just step their game up. ------ DenisM " Why are you sending out these jokes? Shouldn't you be aware that some folks don't think they're safe, humor or no humor, on the internet?" Apparently, these folks are not from Africa. 1. Field of the Invention This invention relates to a processing composition and a method for processing the same. The processing composition of the present invention is used for forming a pattern on a substrate. The processing composition of the present invention is useful for processing a living body, particularly for processing a living body for medical purposes. More particularly, the processing composition of the present invention is useful for processing a living body to form a pattern of a skin part with a deep blood vessel, such as a vein, for

What's New in the?
