"This was a pretty special moment for me," Parker said. "I feel like it was a team effort, but it felt good to get the first one." Parker hit a solo shot in the top of the fourth to open the game, then connected for a three-run shot in the top of the eighth to give UW-Milwaukee a 5-2 lead. "It was kind of a bittersweet feeling," Parker said. "I came into the game 0-for-3, but I felt like I made a couple of good at-bats, got a base hit and a big hit." With Parker and Parker-Andrew Bigus coming off back-to-back big offensive games, an offensive outburst was inevitable. UW-Milwaukee (5-2) took advantage of the opportunity and sent 12 batters to the plate, scoring six runs on seven hits in the inning. Big-leaguer Brian Jones, who played at Washington State and was hitting for Parker and Parker-Andrew Bigus, led the way with a 3-for-4 performance, including a two-out, three-run triple. The Bucks, however, were unable to convert on a second and third scoring opportunity in the inning, and the second home run from Parker was the only other run of the inning for the Badgers.

Parker-Andrew Bigus is hitting .375 with three home runs this season, his fourth home run of the season. Parker, who has three home runs this season, has gone 10-for-28 with three home runs. Parker-Andrew Bigus finished 3-for-3, drove in two runs, had a walk and scored a run. W-MU closes out
