The company has since found a new market to win over, and is now flirting with the idea of releasing video games. The company today announced that its 512MB and 256MB Gameboy Advance Virtual Console-compatible gameboy advance games will be made available for download from the Nintendo DSi Shop for \$10 each. They'll be made available for both the European and American Nintendo DSi SShis, and this week will be the last day to take advantage of the Nintendo DS Lite promotion, which also includes the game. C&C wrote: "These games will be made available as downloadable titles from Nintendo's DSi Shop at the end of this week. They'll be delivered at an affordable price point for DS Lite
