Leg ulcers, which affect up to 10% of people, are a clinical entity that often causes emotional and physical distress. A multidisciplinary approach is crucial in the management of leg ulcers. Treatment options include the surgical debridement of the wound, compression therapy, the use of contact or non-contact bandaging, and skin grafts. Many therapeutic options have been examined to treat ulcers of the lower leg. Recent developments in wound care include the application of vacuum and negative pressure systems. The purpose of this review is to examine different treatment options for leg ulcers.A few days ago, in an interview, TMZ caught up with actor Matt Damon, who was promoting the new film, "Promised Land." In the interview, Damon said that a presidential run is "an option" for his lifelong friend and fellow nominee, Senator John Kerry. And although the two of them have played in the past against each other (Kerry in a college football game, where Damon's Kerry was made to wear white pants), it appears as though the two of them are getting along quite well. Damon told TMZ, "He's a hell of a guy. I would love to have him come on the show, I bet he'd be pretty good." Boom. Do you think it's odd, though, for the two of them to be talking about a presidential run? I mean, it's Kerry, who has proven himself to be an incredibly competent and professional senator in the Senate, who is currently President of the United States. It's the former governor of Massachusetts, who is quite possibly the most liberal governor in the history of the state, and has run for the presidency twice, who is making this comment.
