How to Download Instant Download Free App.I. Field of the Invention The present invention relates to a backlight module and, more particularly, to a backlight module having a lighting chip embedded in a backplane thereof. II. Description of the Related Art

---

Liquid crystal displays (LCDs) have been widely used in various consumer electronics products for many years, such as television sets, computer monitors, and mobile phones. Since liquid crystal displays are light, thin, and compact, they have been widely adopted in various electronics devices. Referring to FIG. 1, a conventional backlight module 1 includes a light guide plate 11, a plurality of light source units 12, a reflective sheet 13, a fixing plate 14, and a backplane 15. The light guide plate 11 includes a plurality of first grooves 112 defined in opposite side edges of the light guide plate 11. Each of the first grooves 112 is a plurality of triangular-shaped grooves. The plurality of light source units 12 are received in the first grooves 112. Each of the light source units 12 includes a LED lamp 121, a fluorescent lamp tube 122, and 1cdb36666d

engineering and construction business. Here, we will post expert advice and guidance on all aspects of the workplace, from management, training and recruitment to retail and policies and procedures. We hope that you will use this website as a useful resource for the industry. It is an interesting idea and seems as though it could have good benefit for those who have been to university and are looking for jobs in some of the more complex and demanding fields. Taking the extra years out to do full-time study seems to be the only way for someone to gain the experience required for the skills wanted. I am sure that this will be very useful for other industries too It is an interesting idea and seems as though it could have good benefit for those who have been to university and are looking for jobs in some of the more complex and demanding fields.
